Hope to see you for a night of toe tapping music.

## **PCC Mission Moment: World Food Day**

Hunger finds families when they are facing challenges like poverty, conflict, climate change and illness. Globally, hunger burdens over 800 million people—Rosa Martinez from Nicaragua was one of them. The effects of climate change made it difficult for Rosa to predict when to plant her crops. When she did, irregular rainfall ruined what little food she'd grown. Through a sustainable agriculture project supported by Canadian Foodgrains Bank, PWS&D helped Rosa learn to store water, grow new plant varieties and start seedlings in cups for better plant growth. Because of what she's learned, Rosa is growing more food for her family. A sustainable source of food opens the door to abundant life.

*PWS&D is working for zero hunger*
